**Eli Sheff, Ph.D.**, nationally recognized researcher and author, will be our guest presenter for this **special Chicago Poly Community event**, a part of her 2018 multi-state tour.

**Considering consensual non-monogamy means coloring outside the lines:** it is not always clear how to go from the desire to be open to the actual practice of CNM. In this workshop, Dr. Eli Sheff explains consent, provides some tips for positive negotiation, explores boundaries, provides some exercises to help develop boundaries and explains some barriers to establishing and enforcing boundaries. There will be time for discussion and questions.

\* This community workshop will follow a lunch break after the **monthly Poly Support Group from 10 am – noon.**
